

BF// 15/20

HONDA'S BF20 AND BF15 DELIVER UNRIVALLED INNOVATION TO THE PORTABLE RANGE. IDEALLY SUITED TO 3-4.5M ALUMINIUM AND INFLATABLE BOATS, THESE ENGINES PROVIDE RESPONSIVE, SMOOTH AND RELIABLE POWER IN A LIGHTWEIGHT DESIGN. HONDA'S ADVANCED FOUR-STROKE TECHNOLOGY RESULTS IN EFFICIENT CLEAN AND QUIET OPERATION – SO QUIET THESE ENGINES ARE BARELY AUDIBLE AT IDLE.

OUTSTANDING PERFORMANCE

RELIABILITY IN A COMPACT DESIGN

With a class-leading 350cc displacement and long-stroke design, the BF20 and BF15 are top performers, providing optimum torque at any speed. Programmed Ignition (PGM-IG) also accurately controls ignition timing during start-up and across the entire rev range for optimum overall operation. A 12amp (electric start) alternator also ensures excellent charging power to keep batteries in top condition. Thanks to their incredible lightweight, the engines are also very easy to transport. A foldaway handle positioned at the exact balance point of each engine makes it easy to carry the outboard in a level position.

SUPERIOR HANDLING POWER

The BF20 is the only engine in its class equipped with Power Tilt and Gas Assist Tilt variations – perfect for effortless engine tilt operations and shallow-water running. Cruising is improved and more comfortable with Honda's unique pendulum-motion mounting system. This system, featured in both the BF20 and BF15 is specially designed to eliminate vibration and maximise user comfort. A convenient Forward Mount Shift Lever allows fingertip shifting, while a Twist Grip Throttle and Tensioner ensures superior throttle friction, minimising driver fatigue.

EXCLUSIVE TECHNOLOGY & SPECIAL FEATURES

POWER TILT AND GAS ASSIST TILT

Honda's exclusive Power Tilt, Gas Assist Tilt and Manual Tilt variations put these engines in **a class of their own.**

REVERSE EXHAUST RELIEF

Exhaust gases are diverted **away from the propeller** while in reverse, allowing the propeller to run in clean water.

HIGHEST AMPS

12amp (electric start) and 6amp (manual start) alternators keep batteries in top condition with a lot **more charging power.**

BROAD RANGE OF MODELS

The BF20 is available in **nine separate model** variations including manual or electric start, power or gas assisted tilt, and tiller or forward control.

- Class-leading 350cc displacement engine. Provides superior torque throughout the entire rev range.
- Auto Start Enrichment (on electric start models) automatically adjusts the air/fuel mixture for quick, easy starting and warm-up just like fuel injection.
- 12amp (electric start) alternator ensures battery charge is maintained while operating electronics and other accessories.
- Convenient foldaway handle positioned at the exact balance point of each engine makes it easy to carry the outboard in a level position.
- 4-Front Corrosion Protection. A patented, 'double-sealed' multi-layered paint process. Sacrificial anodes and stainless steel technology, along with waterproof connectors, all enhance corrosion protection.
- CARB 2008 and EPA 2006 ultra-low emission compliant.
 - OEDA three-star ultra-low emission rating.
