

SYMPA·NOVA®

FLOOR COVERING

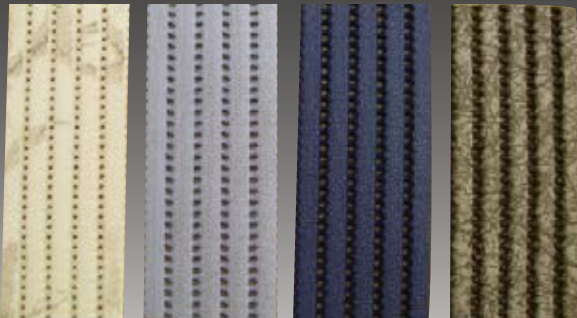

SYMPA-NOVA Self Draining Marine Floor Covering

The ideal floor covering for marine, domestic and recreational use. The non-slip self draining qualities of SYMPA-NOVA make it suitable for a wide range of uses. The unique material surface structure is extremely dirt resistant.

A specially incorporated underlay, made of tear resistant polyester threads, forms a solid basis of SYMPA-NOVA floor coverings. Easily cut and then laid on to existing floors without the need for glues or fixings.

Due to its special structure SYMPA-NOVA has an excellent drainage effect making it dry and comfortable underfoot. In addition to the good non-slip properties of the materials used, the surface provides grip and safety.

SYMPA-NOVA has a wide range of uses in marine, domestic and sporting environments. Ideal for all wet areas, bathrooms, around pools, docks, boats, decks etc.

SN3002 Navy 2m(W) x 15m

SN3026 Sky Blue 2m(W) x 15m

SN1287 White/Grey Marble 1.3m(W) x 15m

SN3281 Blue/Grey Marble 2m(W) x 15m

SN1356 Grey Marble 1.3m(W) x 15m

All of the above are available in cut lengths.

Nominal roll length: 15 meters available by the linear metre cut to length or full roll. Some colours are available in 1.3m widths. Printed colours indication only.

Use non-skid AquaTread self-adhesive tape for sure footing and a colourful accent on most slippery surfaces. The non-skid texture gives safe footing on most smooth surfaces - boat decks, cockpits, cabins, boarding ramps, steps, showers, swim platforms, even the step area of an RV or boat trailer.
