

BF// 25/30

HONDA'S BF30 BOASTS A HOST OF INNOVATIVE FEATURES. NO NEED TO MIX FUEL AND FUEL EFFICIENCY THAT WILL PAY FOR ITSELF. AMPLE POWER WITH EXCEPTIONAL TORQUE THROUGH THE MID RANGE. BOATING HAS NEVER BEEN EASIER.

EXCLUSIVE TECHNOLOGY & SPECIAL FEATURES

CENTRE MOUNT TILLER

Ergonomically designed for **exceptionally comfortable control.**

Handle is 200mm longer and angled 125mm higher.

Remote control models also available.

AUTO START ENRICHMENT

The Engine Command Module (ECM) automatically adjusts the air/fuel mixture for **quick, easy starting** just like fuel injection.

DUAL ACTION POWER TRIM AND TILT

Get better hull **manoeuvrability** and **performance with Honda's power trim and tilt models.**

Trim range is -4° to +12°

- Large 552cc displacement engine. Provides superior torque in mid-range operation.
- Compact three-cylinder, three-carburettor design utilises one carburettor per cylinder. This design is more responsive than competitive throttle bodies with long intake runners.
- Programmed Ignition (PGM-IG) accurately controls ignition timing during start-up and across the entire rev range for optimum overall operation.
- 10amp (electric start) alternator ensures battery charge is maintained while operating electronics and other accessories.
- Honda's innovative Engine Alert System monitors vital engine functions and assists in preventing damage by alerting the operator of overheating and low oil pressure.
- 4-Front Corrosion Protection. A patented, 'double-sealed' multi-layered paint process. Sacrificial anodes and stainless steel technology, along with waterproof connectors, all enhance corrosion protection.
- CARB 2008 and EPA 2006 ultra-low emission compliant.
- OEDA three-star ultra-low emission rating.

GOLDEN BAY CONNECTIONS (see page 29)
