

FYRAN BOATS

760 PursuitGT

The all new Fyran 760 Pursuit GT is the best value for money fishing hardtop on the market.

The new cabin top is fibreglass which allows for improved aesthetics with sleeker lines, wider dashboard for more instruments, improved driving ergonomics and user friendly access to the anchor locker and bow.

Thickest production hull on the market, providing enormous strength and durability. It has 5mm stringers and 5 mm ribs underfloor, all welded together for total strength.

There are 12 rod holders and heaps of storage for tackle boxes, gaffs, nets, chilly bins and dive gear. The combination of the fibreglass cabin top and rugged aluminium hull gives you the best of both worlds!

The huge cockpit is bigger than any boat in its class and allows 6 anglers to operate easily.

A closed in wheelhouse is an option along with galley and toilet to make the boat a genuine overnighter. The impressive hull design of COASTDESIGN Naval architects creates an easily driven hull with an all new portifino transom design. This gives more stability for fishing, greater buoyancy aft for heavier engines, and fantastic acceleration from rest with its longer waterline.

As with other Fyrans, the 760 Pursuit GT is CPC Rated: UNSINKABLE. It has underfloor foam flotation and sealed buoyancy chambers to give you complete confidence for offshore fishing.

Garaging dimensions available on request from your local Fyran dealer

SPECIFICATIONS

LOA	7600mm
Beam	2500mm
Deadrise	17.5 degrees
Hull thickness	6.00mm
Towing weight – Dry	2050kg
HP range	175–225hp
Transom height	25"

STANDARD EQUIPMENT

- ❖ Anchor locker
- ❖ Battery isolation switch
- ❖ Bilge pump 900gph
- ❖ Boarding ladder
- ❖ Boarding platforms
