

## FYRAN BOATS

# 500 Rebel

The Fyran 500 Rebel is specifically designed as a versatile fishing boat that requires small engine horsepower. The hull is a very low drag hull with a wide buoyant stern to allow 50 or up to 60 horsepower to push the boat easily on to the plane from rest, and cruise at very efficient fuel saving speeds. This means the keen fisherman spends less money on fuel than on bait!! On the test boat our fuel consumption was 6 litres per hour at cruise, and we got a 90 mile range out of 1 tote tank! For a boat of only 5 metres it still has a substantial cockpit and is an extremely stable platform for up to 4 stand up fisherman.

**The cockpit working area behind the seats is a massive 2.8m<sup>2</sup>. This is over 50% bigger than some competitors 5m boats.**

The extra long front hatch and step down cuddy floor allows easy access to the anchor and bow. The large aft cockpit shelf is perfect for tackle boxes and underneath the shelf, 2 tote tanks and several dive bottles will all fit easily. Like other Fyran boats the 500 Rebel complies with the exacting CPC Boat Building Standards including underfloor foam or sealed air buoyancy, and is CPC rated: UNSINKABLE. Garaging dimensions are available on request from your local dealer.

### SPECIFICATIONS

LOA	5000mm
Beam	2190mm
Deadrise	16°
Hull Thickness	4.0mm
Dry Towing Weight	805kg
HP	50-60hp
Transom Height	20"

### STANDARD EQUIPMENT

- ❖ Acrylic windscreen
- ❖ Battery switch
- ❖ Bilge pump
- ❖ Boarding platform
- ❖ Bollard
- ❖ Bow rails – short
- ❖ CPC Plate
- ❖ Fairlead
- ❖ Foot rest
- ❖ Forward hatch
